DRAFT

Central Intelligence Agency Washington, D.C. 20505

Planning Staff

NOTE FOR: DDCI

Executive Director

Attached is a letter for DDCI signature responding to a request for a MEDUSA Project Office Representative from the Director, Defense Communications Agency.

A representative from the Office of Communications is recommended as most National Program Office activities relate directly to communications systems issues.

It is not clear, at this time, that full-time representation is either needed or asked for, so designation of a point of contact is an appropriate first step.

This has DDA and D/Commo concurrence.

NOTE FOR: Deputy Director for Administration Director of Communications

Attached for your review is a draft letter to Director, Defense Communications Agency, from the DDCI. Also attached is a note to the Executive Director and DDCI about the letter. discussed this matter informally with Bill. agreed that a full-time representative to help out

with the Crisis Information and Management System implementation did not seem warranted now. If you concur with the wording, I will forward the letter to the DDCI for his signature.
